## WORK EXPERIENCE

### TATA CONSULTANCY SERVICES

#### Middleware Administrator

Sept-2021 to 2024(currently Working)

As a middleware administrator we used to install and configure the web services. And monitor the applications and restart them. We used to look after performance and optimization of servers such as CPU and memory usage. And I did some of the scripting and used to do documenting and training. And helped on various aspects like capacity planning of each apps. Middleware team used to work with different team with both apps and infra teams (collaboration and communication).
